INTRODUCTION

VISION

To become a leading supply chain management solutions provider in GCC by 2020

MISSION

To add value to our customer's supply chain by providing cost effective solutions , efficient cargo handling & timely delivery

VALUES

Integrity

Commitment

Adding Value

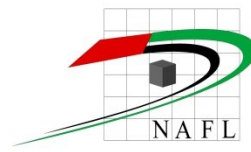

Never being satisfied

KAR Freight & Forwarding LLC is an integrated logistics company and is closely associated with highly trusted **AW Rostamani Group**, based in Dubai.

Through an extensive global network of carefully selected Shipping Agents & Partners from each region/country, KARFF offers high quality levels of service for International Freight movement via Sea, Air or Land in addition to Local Warehousing and Distribution services & hassle-free customs clearance.

We are a member of internationally recognized professional associations like World Cargo Alliance (WCA), National Association of Freight and Logistics (NAFL) in UAE, International Federation of Freight Forwarders Associations (FIATA) and Freight Network Corporation (FNC).

By combining its local know-how, adoption of state-of-the-art systems and collaboration with reliable & reputed international partner network, KARFF is committed to providing efficient, fast and cost effective tailor-made solutions to its customers & help them gain a competitive advantage in the market.

SPECIALIZED SERVICES

Ro-Ro Freight

We also offer a specialized Roll-on/Roll-off (Ro-Ro) service for transportation of all types of wheeled cargo such as Automobiles, Project Cargo, Heavy Machinery and much more that are driven on & off the ship on their own wheels or using self-propelled trailer.

Project Cargo

We are capable in managing movement of heavy machinery (e.g. Pressure Vessels, Transformers, Boilers, Cable Drums etc.) for industry.

Break Bulk

Break bulk cargo refers to packaged but non-containerized cargo and is usually transported as individual items due to cargo often being oversized and overweight. Based on customer requirements, we are able to propose the most appropriate & commercially competitive haulage plan.

LAND TRANSPORT

KAR Freight & Forwarding LLC has the industry experience, the market knowledge and the local expertise to meet the evolving trucking needs of our customers. In addition to alliance with competent transport partners, we also operate an in-house modern fleet of trucks & trailers equipped with GPS to cater to cargo movement requirements within UAE.

Our capabilities include:

- Bonded and Non-bonded International Road Transport
- Door or to Door Services
- Movement of Standard Containers
- Time sensitive consignments
